

Sundries Brochure

2022

WELCOME

Dear Customer,

For over 30 years DB Foods have successfully supplied a complete range of meat, poultry and deli products but it has not always been evident about the range of sundries we also supply.

Therefore, we are delighted to present the DB Foods Sundries brochure which outlines the range that we supply to butchers and catering outlets throughout the UK.

This range of packaging, ingredients and key sundries can be delivered separately or included with your meat delivery. We thereby provide the most extensive range of products from a single supplier that you will need for your business.

We are passionate about the environment and have launched a range of products, such as our compostable retail bags, as we deeply believe it is important we participate in doing our bit to protect the ecology of the planet at a very local level.

The message to buy locally is reinforced with our "Support Your Local Butcher" branding and emanates through our packaging range and marketing activities, reminding the public of the fantastic products available from businesses like yourselves.

Our sundries department works in tandem with your current account manager, bringing specialist knowledge on the subject to ensure that extra special care and attention your business deserves.

We continue to innovate and develop our range and always welcome the challenge of finding new and exciting products to fulfil your business needs. We always welcome a challenge to source, supply and establish successful partnerships with new suppliers and customers.

Thank you for your support!

Kindest regards,

Amanda, Sarah & Team

DB FOODS

As the leading wholesale meat supplier to the butchery and food service industry in the UK, we supply a comprehensive range of quality wholesale meat, poultry, game and deli products. We have a renowned track record in providing quality wholesale meat products, competitively priced, with an exceptional level of service. Our national distribution centres, located in Banbury, Oxfordshire and head office in Poole, Dorset, were purpose built utilising the latest industry technology.

DB FOODS HITS 30!

It is with tremendous delight and huge pride that we marked our 30th birthday with a host of celebrations during our anniversary year.

In tribute to this, the Directors planned a series of initiatives to celebrate the company's three decades in business.

'It has been quite a journey and I am finding it hard to process that it has been 30 years', says Trading and Purchasing Director, Stuart Robson, who has been with the business from its very beginning. 'We started with just one employee back in 1991 and due to our success now employ over 200, many long-serving, staff. I am really chuffed for everyone who is, and has been, involved in getting the business where it is today'.

DB FOODS

FIRST STEPS IN GREEN PROJECT

With the launch of our new range of recyclable and 100% compostable bags, and the first meeting of the internal taskforce to reduce the environmental impact of activities across the business, we at DB Foods are publicly announcing our commitment to pioneer 'green thinking' in the meat industry.

The business has signed up to the UK Business Climate

Hub and made the following pledge:

1. Halve the business greenhouse gas emissions before 2030
2. Achieve net zero emissions before 2050
3. Formally disclose progress on a yearly basis

DB FOODS LAUNCHES ITS OWN PREMIUM BRAND

In response to demands from the High Street butchers, we have launched our own new premium brand 'DB Select', which represents the quality, consistency and value our customers have come to expect.

We, at DB Foods have always demonstrated our ability to adapt and respond to demand in the retail sector.

Launching DB Select has provided an opportunity to form closer working relationships with the butchers we supply.

We know our customers value reliability and trust in their supplier, so we created DB Select as a personal guarantee for just that.

LEONARDS INGREDIENTS

Leonards began producing high-quality sausage mixtures in Hampshire just covering the local area in the late 80's. Now they export to Europe, East Asia and Australia.

They believe the key to their success is the quality of the raw materials used in their products. Their ethos is never to use inadequate ingredients as they believe it shows through in the product.

SHROPSHIRE SPICE CO

The Shropshire Spice Company was formed back in the mid 1970's by a group of locals in the village of Clun, Shropshire, whose aim was to boost employment for the local area. The idea of selling herbs and spices was how The Shropshire Spice Company was born.

Today the owners, Robert and Fiona, still retain their commitment to offering high quality speciality products for amateur and professional cooks.

POTTS

Potts Partnership is a family run business based in Marlborough in rural Wiltshire. With many years in food development and fine food retail, the partnership is the culmination of years of combined experience and love for good food.

Potts produce over 100 delectable products, such as gravies, stocks, dressings, condiments, mayos, marinades and sauces. All based on classic flavours and family favourites with their particular contemporary twist. Lovingly made by hand, their products are designed to provide the best possible flavour with the least amount of fuss. They are ideal for people without the time to cook from scratch, or just looking for a delicious quick fix!

SUPPORT YOUR LOCAL BUTCHER

The 'Support your Local Butcher' logo was designed exclusively for DB Foods. The design is proving popular amongst our customers and we'll be creating more products carrying the logo in the future.

It is a way of thanking your customers for supporting your business through the good and bad times. We would love to see your pictures with the 'Support your Local Butcher' products! Send them to: sundries@dbfoods.co.uk or WhatsApp Sarah or Amanda.
